

“Good Is the Nearness of God”

Psalm 73

Sermon Theme. . .

The highest standard of **good** is the **nearness** of God.

A Walkthrough of the Testimony. . .

Five Lessons from the Testimony. . .

- We must guard against focusing on our **circumstances** because it can overwhelm us with a sense of **futility**.
- We must be careful by what standard we judge what is **good** and **bad** in our lives.
- We must see the **certainty** and **rightness** of God’s final judgement.
- We must purposefully cultivate **sanctuary** thinking.
- We must continually remember the all-sufficiency of God and the deep **satisfaction** that comes from being near Him.
